

## Apprenticeship Training

Our program utilizes nationally recognized curriculum developed by the National Center for Construction Education & Research.

Accredited through the Federal Department of Labor and Florida State

## Training = Profitable and Productive

There is a clear link between the productivity and profitability of companies who not only place a high priority on training, but also relate their training plan to their strategic business

## Apprenticeship Goal

To properly train employees in order to retain their services. Training is quite simply one of the best ways to motivate an employee.

## Benefits of Training

- Reduce workers compensation due to an emphasis on training.
- Training improves productivity, which increases profitability
- A professional well trained workforce increases overall client satisfaction, thereby increasing repeat business.
- Reduce turnover

## Program Locations

The ABC Training Facilities are as follows:

Hillsborough Community College  
(Dale Mabry Campus)

Sarasota County Technical Institute  
Sarasota—Proctor & Beneva  
Venice—Just off Jacaranda

## What is the cost of training?

When you consider training your own workforce, the benefits far out weigh the cost.

### ABC Members:

Tuition: \$500

Textbooks: \$125

New/1st Year Registration Fee: \$45

**\*Non-Members Tuition: \$600**
